

# TOP 5 MISTAKES

Not to Make in the Cloud

INTERNAP®

**1** **MISTAKE** **Leaping before you look**  
Cloud is a means to an end. You want happy customers using applications that meet your security and compliance needs.

**2** **MISTAKE** **Thinking that you have found “the one”**  
Choosing a cloud provider is not like marriage. You may want the opportunity to change providers later on.

**3** **MISTAKE** **Believing that tomorrow will be like today**  
The cloud may be what you need today. In all likelihood, it won't be the only thing you need tomorrow.

**4** **MISTAKE** **If it fits, it ships**  
Don't make the assumption that every cloud supports your most complex applications.

**5** **MISTAKE** **Not leveraging the full potential of the cloud**  
The cloud is a tool that opens up new possibilities.
